Atchison Co adds 42nd virus case

(KAIR)--Atchison County adds another confirmed positive case of COVID-19, bringing the County's total to 42.

According to a release from Atchison County Emergency Management Diretor Wes Lanter Thursday, the latest case is a woman in her thirties, who is isolating at home.
The case has been deemed to have been contracted through community spread.

Two of Atchison County's cases remain hospitalized.

28 have recovered.
