

Hiawatha , KS

Earl Sanford Carver went to be with the Lord on November 27, 2020 at the Hiawatha Community Hospital at the young age of 93. Earl was born in El Dorado Springs, MO, April 30, 1927 to John (Fred) and Myrtle Ella McAlexander Carver. In 1936 his family moved to Kansas where he attended schools in Morrill, Kansas. He was a member of the United States Army serving during WWII.

Earl married Lucille Grote, which involved taking on the raising of his stepson Rolland Grote Jr. To this union two children were born, Barbara Carver and Ken Carver. They divorced after 25 years of marriage. While attending a "Parents without Partners" meeting Earl met according to him 'the love of his life' "JoEllen Bartley". They dated for several years. One Saturday they had decided to go shopping, while at the mall they wandered into a jewelry store at which time Jo joked with him about when are you going to buy me a ring? He stated "I thought about it then decided heck why not." They were married on September 16, 1989. They spent all their married life in Hiawatha. Traveling, woodworking projects, time with family and spending time with his grandchildren was his passion. JoEllen preceded Earl in death in November 2017.

Earl was a hard-working man. He spent his younger years working in construction building homes. In 1973 he started working at Mid America Dairy in Sabetha as a welder. He retired in 1989. Earl stated to his family it was at this time his life really began. He always had some type of project in progress. From remodeling kitchens to helping his grandkids build something out of scrap lumber his abilities were exceptional. He also enjoyed his flower gardens over the years. Even when he was unable to get up and down to care for his flowers a good friend built him a raised garden so that he could care for while standing. Plants, whether inside or out, were a big part of his life up until he was hospitalized.

In the early 1990's Earl became known as the "Bike Man" He started with fixing tires then on to refurbishing bikes and finally built several unique bikes from scratch. It was not odd to have kids come to the door at all times of the day/night to have Earl fix their bike or to work out a deal for a different bike Earl may have put out front for sale. He had the kindest heart just wanting to see the joy on a child's face as they rode away.

As it became harder for him to work on bikes or larger projects. He enjoyed taking care of his

plants and feeding the livestock. (Squirrels and birds) He passed along this love to his great grandson, Carter Jante. They spent lots of time looking out the window talking about the birds etc. If you were lucky you might even see him going for a ride on his scooter checking out the work being done by the city on the streets.

Earl was also preceded in his parents, grandson Scott Carver, brothers: Elden Carver, Melvin Fortney, sisters Leoma Mullins, Ladene Arellanes, and Estelene Frey.

He is survived by his stepson Rolland (Jan) Grote Jr. of Hawley, PA, Daughter Barbara Carver and a son Ken Carver of Topeka, KS, Stepson Kenneth (Dawn) Stephens of Hiawatha; grandchildren: Jessica Persons, Silver Lake, KS, Derek Stephens and Althea Jante (Colton) of Hiawatha; great-grandchildren: Kora and Adalyn Persons, Nathaniel (Gabrielle) Carver and Carter Jante; great-great-grandson Maveryck Carver.
