

Due to the ongoing challenges we face with Covid-19 and the new vaccines, Kanzaland Radio will again host live discussion shows with local healthcare providers, to answer questions and give information on the most recent developments. You can submit your own questions for them now, via e-mail at knzadj@rainbowtel.net, or call us at 1-888-907-2346, or 785-547-3461. We'll take your questions and ask the providers as many as time allows when on the air. Join us on these following days:
