Kim was well known for her unconditional love for everyone in her life, her free bird personality, and mostly for her singing; especially when signing with her sister Patty. Other activities that Kim enjoyed were riding her 3 wheeled bicycle around Powhattan, often with a passenger in the basket. She loved to sing Christmas carols, and dance. At Halloween time she loved handing candy out the trick-or-treaters. Kim often wanted to get “dolled-up” with makeup and perfume to tease her brothers that she was going out with the boys. She loved to attend family gatherings, and picnics that included food made for her by her family. Kim had a very special bond with her sister, Patricia. Kim and Patricia did everything together throughout their entire lives.
