USD 377 Look to Accept Bus Bids

USD 377 may see some new buses in their fleet for next school year.

Their school board will look to take action on bus bids at their next regular monthly meeting Monday evening at 6:30 at the administrative office in Effingham.

The board will also look to act on the building use policy as well as continue discussion on summer maintenance requests.

They will consider approval of student trips and discuss two summer programs: the kindergarten summer academy and title one reading program.
