## Horton Commission To Meet Tuesday

(KNZA)--Horton City Commissioners have also moved their regular session to Tuesday, due to Labor Day.

The matter of golf carts being allowed on city streets-despite the commission last month shooting down that idea-is expected to be discussed again.

Commissioners are also expected to hear a request for library repairs, and hear an inspection report regarding the Horton water tower, along with other issues.

The meeting will begin Tuesday evening at 5:15 at Horton City Hall.
