Nemaha County Conservation District Sign-up

The Nemaha County Conservation District is conducting a sign-up through July 5th, to accept requests for state financial assistance to install various conservation practices. The conservation district administers state cost-share programs locally to improve water quality and reduce soil erosion. Funding is provided by the Division of Conservation, Kansas Department of Agriculture DOC through appropriation from the Kansas Water Plan Fund. Landowners with natural resource concerns on their property are encouraged to visit the Nemaha County Conservation District to discuss the possibility of receiving state financial assistance. Funding is provided through cost-share payments to landowners for eligible practices such as terraces, grassed waterways, grass plantings, livestock water supplies, cross fencing, ponds, grade stabilization structures, abandoned well plugging and replacing on-site waste systems. For more information stop by 411 North St Seneca KS or call 785-336-2186x3.
