Leavenworth Bridge to be Closed Friday

(KNZA)--Leavenworth's K-92 Centennial Bridge will now be closed Friday for bridge inspection work.

The bridge had originally been scheduled to be closed today (Monday) but the inspection work was postponed.

The Kansas Department of Transportation says both lanes of traffic will be shut down, from 9 Friday morning until 3:30 that afternoon, if weather allows.

Although there will be no marked detour, KDOT is suggesting that motorists use either the Amelia Earhart Memorial Bridge in Atchison or the I-435 Kansas River Bridge in Wyandotte County.
