#### Atchison Repairs Could Mean Water Outages

(KAIR)--Underway Atchison repair work could mean water service disruptions for some customers.

According to the City of Atchison that comes as broken valves are fixed from Parallel to Commercial Streets and River Road to North 5th Street.

As the work is conducted, customers in those areas could be without water, both today and Friday.

All water should be restored by the time the 9 to 5:00 project wraps up.

Questions or issues should be directed to 367-5561.
