Routine Traffic Stop Ends In Arrest

(KAIR)--A Jefferson County traffic stop lands a man in jail following the discovery of what authorities say was drug paraphernalia.

Sheriff Jeff Herrig says it happened when the vehicle that 26 year old Brandon Wynkoop was a passenger in, was pulled over around 7:00 Saturday evening on Ferguson Road. Officials had noticed that the vehicle had swerved over the center line three times, and, upon investigation, found what appeared to be a broken glass pipe under Wynkoop's seat.

Wynkoop was taken to the Jefferson County jail, where he was booked on a charge for possession with intent to use drug paraphernalia.
