## Names of Two Area Soldiers Going on DC Memorial

(KNZA/AP)--Two area Kansas National Guard soldiers who died in a suicide bombing in Iraq are being honored by the Defense Intelligence Agency in Washington.

The agency will add the names of Sgt. 1st Class Clinton Wisdom, of Atchison, and Sgt. Don Clary, of Troy, to a memorial honoring those who have died in service while protecting DIA personnel.

Clary and Wisdom were killed in November 2004 while protecting a contingent of DIA staff and members of the Iraq Survey Group. The soldiers positioned their vehicle between a suicide bomber's vehicle and the DIA staff vehicles traveling in a convoy in Baghdad.

The DIA memorial was created in 1988 and was redesigned in 1999.
