Cost to Swim at Mound City Pool Increasing this Summer

(KTNC) - It will cost more to swim at the Mound City Pool this summer.

The Board of Aldermen approved a Park and Recreation Board recommendation to increase the pool fees.

Season passes will cost \$125 for a family of four, plus \$20 for each additional family member. An individual season pass is \$65, a 10-swim punch pass is \$25, and a 25-swim punch pass is \$65.

The daily admission rate is \$4 for adults and \$3 for kindergarten through 12th grade students.

Admission is free for children age four and under.

There is a \$75 charge for pool parties.

Water Superintendent Randy Crowley told the council that city crews were painting the pool this year. He said the paint is a darker blue than what has been used before. Crowley said they have also made changes in the dressing rooms to make the facilities handicap accessible.
