KDOT Announces Future Road Projects

(KAIR)--The Kansas Department of Transportation has scheduled hundreds of different projects that will not only improve Kansas roads and bridges, but will create both long, and short term jobs all over the state.

According to KDOT Secretary Mike King, the projects will preserve, modernize, and expand roads on both state and local road systems. The work list includes 464 highway projects, 194 bridge/interchange projects, and 1,603 miles of improvements.

The work will take place over the next two years, and will cost an estimated \$1.2 billion.
