I-29 Southbound Traffic Reduced to One Lane In Holt County MO.

(KLZA)-- Repair work to a bridge on the southern edge of Holt County, Missouri has prompted a lane closure on Interstate 29, according to the Missouri Department of Transportation. The southbound driving lane of I-29 is now closed and will remain closed overnight. The lane should reopen in the afternoon on Tuesday, September 23. Motorists may experience delays.

During the lane closure and repair work, a 12-foot width restriction will be in place for all southbound traffic.
