Southbound I-29 Work Extended in Holt County

(KLZA)-- Repair work to a bridge on the southern edge of Holt County has been extended, according to the Missouri Department of Transportation. The southbound driving lane of Interstate 29 at the Andrew County line is now closed. It will remain closed overnight and through the afternoon of Wednesday, Sept. 24, 2014. All work is weather permitting.

During the lane closure and repair work, a 12-foot width restriction will be in place for all southbound traffic. Motorists may experience delays.
