HCC Instructor Appointed to State Board

(KNZA)--An Early Childhood Education instructor for Highland Community College has been selected to serve in a new role on the state level.

Eleanor Hensley becomes a member of the Kansas Advisory Committee for Career and Technical Education, appointed to the position by the Kansas State Department of Education.

She joins 21 other representatives of business, industry, government, and education from across the state in serving on the committee.

Hensley's role will be to advocate and provide recommendations for continuous improvement for career and technical education in Kansas.

She has served as an instructor at Highland Community College since 2002.
