Sabetha Adopts Revitalization Plan

(KNZA)--The Sabetha City Commission has adopted a modified Neighborhood Revitalization Plan. Adoption of the plan followed a public hearing Monday evening.

The plan provides a 75 percent rebate of increased taxes on residential improvements over a five year period, and a 100 percent tax rebate over a 10 year period for commercial and retail improvements. Previously, residential improvements weren't eligible for the program.

To be eligible for the program, the improvements must increase the property's appraised value by \$15,000.

There is a one-time \$35 application fee and five percent administration fee.
