Highway Work To Begin South of Falls City

(KLZA)--Weather permitting, work is scheduled to resume this week on a resurfacing project on a nearly 4 mile stretch of US-159/US-73 south of Falls City.

Constructor's, Inc. of Lincoln, Nebraska, has the \$4.6 million contract for the project, which also includes bridge repair work.

The Nebraska Department of Roads says traffic will be controlled by one-lane work zones utilizing traffic signals, pilot cars, and flaggers.

The project is anticipated to be completed this summer.
