Tornadic Activity Rolls Through Brown Co

(MSC News)--Tornado Warnings were issued early Friday evening for areas of Brown and Jackson Counties, with tornadoes confirmed as severe weather rolled through.

A confirmed tornado touchdown happened west of Robinson, according to the National Weather Service, with a touchdown also reported prior to that southeast of Netawaka.

A funnel cloud was also confirmed in the Horton area, but there's no report of any touchdown in that location.

Rural locations were affected, with no immediate word of any significant damage.

An active weather weekend could be in store, and we'll keep you up to date here, and on-the air, at KNZA-FM 103.9, KMZA-FM 92.1 and Sunny 101.3 FM.
