Falls City School District Seeking Grant

(KLZA)-- The Falls City Public School District is applying for another \$25,000 grant through the Monsanto "America's Farmers Grow Rural Education" program.

The school district is asking area farmers to vote for the Falls City Public Schools to help keep rural math and science programs growing.

Farmers can nominate their school districts for the grants of up to \$25,000. Since 2011, the Monsanto program has awarded over \$7-million in grants to more than 500 rural public school districts. Falls City Public Schools have received three grants totaling \$75,000.

Farmers can nominate their local school district through April 1. You can find the website to make your nomination at the Falls City Public School website, www.fctigers.org.
