FBI: Bank Robber Connected To Three Cases

(KAIR)--The FBI has connected the dots between three recent bank robberies, saying they believe the man who targeted a Platte County, Missouri bank also robbed two banks in Oklahoma. The Platte Valley Bank, in Dearborn, was robbed Monday, while a Bank of America location in Tulsa was robbed Thursday, and an Arvest Bank, also in Tulsa, was robbed June 18th. The Kansas City Star reports that in all three robberies, the man produced a demand note and told tellers he had a weapon. He's described as white, in his mid-50s, about 5-foot-10 with tattoos on both arms. A tattoo on his right arm possibly includes the image of a woman's face. Anyone with information about any of the robberies should notify authorities.
