Additional Charges for Walmart Meth Suspect

(KAIR)--The Hiawatha man arrested Sunday for theft and possession of meth at Walmart now faces additional charges.

“Drew Reeves is also now charged with a theft that occurred on April 11,” said Atchison Police Chief Mike Wilson. “Specifically that involved the theft of three computers from the store valued at \$750 as well as criminal damage due to damage that was done to security brackets holding the computers in the store.”

Reeves was booked Monday on the additional charges and remains in custody at the Atchison County jail.

He was arrested Sunday evening after the theft of two cell phones called the police out to the Atchison Walmart where meth was discovered on his person, according to Wilson.
