

County Board Hears Update on Jail

(KLZA)-- Richardson County Sheriff Don Pounds discussed staffing with the Board of Commissioners Tuesday. The Sheriff says the office is continuing to accept applications for jailer positions.

Pounds also requested the Commissioners contact the City of Falls City to request a copy of data from the E-911, and address information for Falls City and Richardson County so it can be implemented into the new dispatching software program the Sheriffs office recently obtained.

Commissioners were also informed Richardson County has been named in a suit filed by Twin Oak Bachman Farms, Inc. and Lazy J. Farms Inc., regarding the status of a bridge on 709 Road east of 661 Avenue, which is north of Rulo.
