

New Christmas Lights in Falls City

**(KLZA)-- A favorite holiday activity for many people is to ride around and look at Christmas lights.**

**This year, Falls City has unveiled new decorations along Highway 73, which is Harlan Street and around the Richardson County Courthouse.**

**Falls City Chamber / Main Street Director David Branch says donations made the new decorations possible. The Richardson County Visitors Committee, F & M Bank, the City of Falls City and many individuals and companies donated toward the lights. Even with an early purchase 40 percent discount the price tag was still \$45,000.**

**There are new wreaths and garland around the Courthouse. There are 27, 6-foot, L.E.D. snowflakes hung on Harlan Street. There are also three new entrance signs that were put up.**

**Branch praised the Falls City Line Crew for the work they had to accomplish to get the new lights up. That work included re-wiring the poles the snow flakes are hanging on.**

**Another new entrance sign will be put up next year. One of the poles that supports the sign, was taken down and has not yet been re-set.**
