

Cell Phone Repairman Pleads In Picture Theft Case
(KAIR)--Not guilty.

That's the plea entered by the Denton resident accused of stealing personal images from devices after they were taken to his Atchison store for repair.

42-year-old Jason Seetin entered the not guilty plea Monday in Atchison County District Court to two counts of breach of privacy and two counts of computer crime.

A jury trial is set for June 27th in the case.

Atchison Police Chief Mike Wilson said charges for Seetin stem from a January incident when a 21-year-old victim reported images from her phone were unlawfully obtained while the phone was in Seetin's possession at his Atchison business, All American Pawn for repair.

After the initial report, another victim came forward who also had personal photos taken from her laptop that was taken to All American Pawn weeks prior.
