Richardson Co Board Approves Adjustment in Steel Bids

(KLZA)-- Richardson County Commissioners approved the expenditure of an additional nearly \$6,700 for steel materials when they met Tuesday.

A representative of Midwest Service and Sales met with the board, to discuss an error on the steel bid submitted, that was awarded March 11. The error was in the cost quoted from the supplier to the bidder.

Commissioners approved the added cost on a unanimous vote.

Following a public hearing drawing no public comment, Board members voted to give favorable comment to a liquor license request by Classic Club 8, doing business as the Falls City Golf Course.
