Cell Phone Repairman Accepts Plea Deal In Image Theft Case

**(KAIR)--A jury trial for the Denton man accused of stealing personal images from two female victims is canceled after he entered a guilty plea to a reduced charge.**

**42-year-old Jason Seetin had originally pled not guilty in Atchison County Court to two counts of breach of privacy and two counts of computer crime. A jury trial had been scheduled for June 27 in the case.**

**However, Seetin accepted a plea bargain Friday and pled guilty to an amended computer crime charge.**

**Sentencing is set for June 30th.**

**Charges for Seetin stem from a January incident when Atchison Police Chief Mike Wilson said a 21-year-old victim report images from her phone were unlawfully obtained while the phone was in Seetin's possession at his Atchison business, All American Pawn for repair.**

**After that initial report, another victim came forward who also had personal photos taken from her laptop that was taken to the pawn shop weeks prior.**
