

Rain Blamed For Atchison Woman's Injuries

(KAIR)--Heavy rainfall Saturday played a role in an early evening Doniphan County roll-over wreck that sent an Atchison woman to the hospital.

The Kansas Highway Patrol reports 20-year-old Jade Young was behind the wheel of a Ford Focus, northbound on K7, that hydroplaned when driving through water on the highway.

Young lost control, sending the car off the highway and onto the west embankment where it overturned, and landed on its roof.

Young was transported from the scene and taken to the Atchison Hospital for the treatment of her injuries.

The Patrol says she was buckled up at the time of the wreck, which happened shortly before 6:00, just north of 130th Road, 3 miles south of K20.
