**(KAIR)--Neighborhood complaints lead to an investigation, which results in the execution of a search warrant at an Atchison home Sunday night.**

**Atchison County Sheriff Jack Laurie who tells MSC News the investigation focused on a residence located at 612 South 7th Street. "We've had quite a few complaints on this residence for quite awhile now, and we've done what we could for the last few months trying to figure out what we can do, and we were able to conduct an investigation."**

**The search warrant was executed shortly after 10:00, and led to the arrest of 60-year-old Larry Daniels, Sr., for possession of methamphetamine with intent to distribute and possession of drug paraphernalia.**

**Arrested with him at the residence was 51-year-old Gregory Winfield, who was taken into custody on a City of Atchison Municipal Court warrant unrelated to the drug investigation.**

**Laurie says prescription drugs were also found in the home, that had been a source of ongoing complaints from neighbors of the residence. "If they see suspicious activity, people can feel free to call us at anytime, Laurie said."**

**Both Daniels and Winfield were booked into the Atchison County Jail following their arrests.**
