Hiawatha Students Won't Go Without Eclipse Glasses

(KNZA)--Concerns that Hiawatha middle and elementary school students would be left without proper eye ware for Monday's solar eclipse have been eased.

That comes as safe, and verified, eclipse glasses are being made available to those students at no cost.

However, the glasses will be available only through the weekend.

Hiawatha middle and elementary school students only may pick them up at the Hiawatha Police Department, located on Oregon Street, both Saturday and Sunday.

Availability is between 9:00 AM and 5:00 PM both days.
