

Flu restricting visitation at local hospital

**(KMZA)--Due to an increase in flu activity, the medical staff at the Nemaha Valley Community Hospital in Seneca is restricting visiting hours effective immediately.**

**The hospital says the action is being taken to limit the risk of exposure to patients as well as other visitors and staff.**

**The hospital is asking that visitors only come if its absolutely necessary, especially individuals under the age of 18.**

**Officials say all visitors to the Nemaha Valley Community Hospital and Seneca Family Practice should properly disinfect their hands by washing with soap and water or using a sanitizing gel when entering and leaving the facilities in order to prevent the spread of the flu virus.**
