

Holton city-wide cleanup day Saturday

(KNZA)--The city of Holton will hold its annual city-wide spring cleanup day Saturday, May 5th.

City residents can dispose of their unwanted items for free at the Countryside Park on the south edge of Holton from 8 a.m. to 1 p.m.

Unacceptable items include household trash, tires, paint, oil, gasoline, hazardous materials, chemicals and batteries. Yard waste also will not be accepted, but may instead be taken to the city's brush disposal site on East 8th Street at no charge.

Some hazardous materials and chemicals will be collected for disposal by Jackson County's hazardous waste department, which will set up a trailer at the collection site. Also Tire Cutters will be on hand for tire disposal, charging a discounted rate for each car or truck tire for disposal.
