

County board discusses patrol vehicle purchase

(KLZA)--Richardson County Sheriff Don Pounds discussed replacing a patrol vehicle when he met with Commissioners Tuesday.

Pounds presented a purchase order for either a 2017 or 2016 Dodge Charger from Kansas Highway Patrol Fleet Sales.

Commissioners took no action, but a notice will be published to give the public notice of intent to make a determination for a special purchase that is of significant savings and only available for a limited time.

A 2016 Dodge Charger Pursuit vehicle with a fully equipped patrol package including lights and a siren with 49,500 miles, is available for \$19-thousand. A 2017 Dodge Charger Pursuit vehicle already set up and 49,500 miles on it is available for \$20-thousand.

The purchase will be considered by the Board during their July 10th meeting.
