

Jackson Co budget contains mill levy decrease

(KNZA)--The Jackson County Commission is proposing a 2019 county budget of more than \$14.4 million that contains a slight mill levy decrease.

The proposed budget contains an estimated tax rate of 75.939 mills, an about 9-tenths of a mill decrease.

The budget calls for the county to collect more than \$9 million in local taxes.

Even though the mill levy will decrease slightly, the county will collect nearly \$318,000 in additional taxes due to a \$5.5 million increase in the county's assessed valuation.

The Commission will consider adoption of the budget following a public hearing the morning of September 4 at 10:00 in the Commissioner's room at the Jackson County Courthouse.
