

City approves purchase of new Christmas lights

**(KNZA)--New Christmas lights will be displayed this year in downtown Hiawatha.**

**The Hiawatha City Commission Tuesday evening accepted the low bid submitted by Mosca Design, Inc., of Raleigh, North Carolina, for the new pole mounted lights in the amount of \$13,410.**

**The bid was among four received and was well under what had been budgeted for the project.**

**The Commission also accepted a bid from Voss Lighting, of Kansas City, Missouri, for 380 LED bulbs for the city's post lantern street lights in the amount of \$14,299.**

**The bid was among four received, and came in well under what had been estimated.**

**The street lights currently have metal halide bulbs which use about 70 watts of power. The LED bulbs will use about 25 watts.**

**City crews will install the new LED bulbs.**
