

Nemaha Central asked to add wrestling program

**(KMZA)--The Nemaha Central USD 115 Board of Education has been asked to add a wrestling program.**

**Dillion Keim, president of the Nemaha County Wrestling Team, made the request to the Board Monday evening.**

**Keim, who has been coaching kids from ages 4 to 18, said he would like to see a wrestling program added at the middle and high schools beginning next school year. If approved, he said he would start enrolling students in late November.**

**Keim volunteered to serve as coach until a teacher could be found to coach.**

**The Board took no action.**

**In other business, Superintendent Darrel Kohlman informed the Board he recently had a pre-construction meeting with AHRS Construction, who is serving as construction manager at risk for the classroom addition project that would connect the district's two schools.**

**Kohlman said ground breaking will begin soon as the weather clears and work is scheduled to be completed by August 1 of next year.**

**In a related matter, the Board voted to enter into a contract with the city of Seneca to move the electrical service for the new addition. Kohlman said the cost is estimated at just over \$23,000.**
