Latest St. Joseph shooting investigated
(KAIR)--The fourth shooting in six days.

That's what Saint Joseph Police are investigating following a Thursday night shooting that sent a man to the hospital.

[KQ2-TV](#) reports it happened on the south side of Saint Joseph, in the 600 block of Washington Street.

That's where police found the man suffering from minor injuries stemming from the shooting. He was transported for treatment at Saint Joseph's Mosaic Life Care.

No arrests have immediately been made.

The four shootings don't involve a December 29 officer-involved shooting that left a man dead during the execution of an arrest warrant at a Saint Joseph residence.
