

Winter Storm Warning issued locally

**(MSC News)-- A Winter Storm Warning is in effect into Saturday for the local areas of northeast Kansas, northwest Missouri, and southeast Nebraska.**

**If traveling, you should expect slippery and hazardous conditions to impact travel.**

**A Winter Storm Warning means significant amounts of snow, sleet and ice will likely make travel very hazardous or impossible**

**Freezing drizzle is expected to begin Friday afternoon, creating a glaze of ice. Heavy snow is expected to develop later this afternoon with total accumulations of 4 to 7 inches.**

**Wind gusts up to 40 miles per hour are possible, leading to blowing snow and areas of reduced visibility.**
