

Auburn Council to seek grant

(KLZA)-- The Auburn City Council approved moving forward with an application for an Historic Preservation Grant request when they met Monday evening.

The total fund would come to \$14,675 with the City share not to exceed three-thousand dollars. If approved the funds would be used to have a Peru State College intern research a number of historical properties in Auburn and also help create an historic logo.

In other business the Council approved a request to change the width of a portion of “G” Street, from 80 to 70 feet for approximately one-half block. The change will allow a property owner to construct a storage shed.

Requests to use the city street for a 5K run by Educational Service Unit #4 and to close Highways 75 and 136 for the Nemaha County Fair Parade this summer were also approved.

Council members also approved \$1,500 in funding assistance for the Blue Rivers Agency.
