EDGE working to recruit business for Shopko building  
**(KLZA)--In less than a month Shopko stores in Falls City, Auburn and Seneca will be closing their doors due to bankruptcy.**

**During Monday night's Falls City Council meeting, Falls City Economic Development and Growth Enterprise, Executive Director Beckie Cromer presented the organizations quarterly report.**

**Cromer said EDGE has met with management of Shopko, and with the building owners to develop a marketing campaign.**

**Cromer says finding a replacement business for the building is not easy. She noted traffic patterns and population are factors that make it an uphill battle to recruit a new business for the building.**

**The 33-thousand square foot building is owned by Downtown Modernization.**
