

\$10K Mega Millions ticket sold in NE KS

(KNZA)--Kansas might not have sold the winning Mega Millions jackpot ticket in the Tuesday evening's drawing, but one ticket worth \$10,000 was sold in the northeast region!

In a news release, the Kansas Lottery said the \$10,000 ticket was the largest prize won in the Mega Millions Tuesday drawing in the Sunflower State.

The northeast region includes 21 counties, including locally, Atchison, Brown, Doniphan, Jackson, Jefferson, Leavenworth, Marshall, Nemaha and Pottawatomie.

The winning numbers in Tuesday's drawing were 1, 4, 23, 40, 45, with a Mega Ball of 11.

The winning jackpot ticket worth an estimated \$168.4 million, with an estimated cash option of \$108.5 million, was sold in New Hampshire.

Since the Mega Millions jackpot was hit, the jackpot now resets to a guaranteed \$40 million jackpot with a cash option of \$25.8 million for Friday evening's drawing.
