

Pawnee City Council decides not to purchase grader

(KLZA)-- The Pawnee City Council has reached an agreement with Gyhra Construction to continue with snow removal and use of a motor grader and operator to grade roads as needed.

The Council decided this would be a better option than purchasing a small grader for the City. Gyhra will provide the grader and operator and charge an hourly rate.

The Council approved a wage increase for Interim Foreman Spencer Cumley to \$17 an hour while Foreman Clint Johnson is out on medical leave. Council member John Dahlgren is serving as the Interim Zoning Administrator.

In other business the Council approved the sale of a John Deere 750 tractor the City owns. Jim Woolsoncroft who owns property in Pawnee County submitted the lone bid of \$1,581.

Council members also gave favorable comment to a new Class "C" liquor license for Shirley's Place.
