

Sex crimes lead to teen's arrest

(KAIR)--A 14-year-old boy is facing sex crimes-related charges involving a 3-year-old child, following his arrest by Atchison Police.

Atchison Police Chief Mike Wilson told MSC News the investigation began October 11 after his department was alerted by the Kansas Department of Children and Families in regards to a report the agency had received.

According to Wilson, the investigation determined that the crime occurred once, in early October, at an Atchison residence.

Both the suspect and victim lived at that location.

The 14-year-old was arrested Tuesday for aggravated criminal sodomy.

Once in custody, he was transported to a juvenile detention facility.

Due to his age, the suspect's name is not made public.
