

Woman arrested after hospital disturbance

(KLZA)-- Falls City Police Officers arrested an Auburn woman Tuesday evening following multiple disturbances at Community Medical Center in Falls City.

Officers were first called to the hospital when 33-year-old Lucy Ezell was standing outside the hospital in a breezeway causing a disturbance. She was told she could wait for her ride, if she would stop her disruptive behavior.

Later, officers were called back and hospital personnel said they would sign a complaint against Ezell for trespassing and disturbing the peace. When she did not comply, the officers attempted to arrest Ezell, she pulled away when they attempted to place her in handcuffs. She then began to struggle, and allegedly attempted to kick and bite the officers as they placed her under arrest.

Ezell was taken to the Richardson County Law Enforcement Center where she is facing charges of criminal trespassing, resisting arrest and disturbing the peace.
