

Sabetha Midtown Building to be demolished

**(KNZA)--Sabetha's 97-year-old Midtown Building will be torn down.**

**The Sabetha City Commission took the action Monday evening on a 3-2 vote after several months of discussion on the issue.**

**Commissioners Nick Aberle and Julie Burenheide cast the dissenting votes.**

**On the same 3-2 -vote, the Commission accepted the low bid submitted by Herrmann Earth Moving, of Sabetha, in the amount of \$144,900 to demolish the building. It was among three bids received.**

**The Commission then voted unanimously to leave the Midtown gym open until demolition begins.**

**The Commission had originally voted last October to demolish the building. However, they started reconsidering it after hearing from residents and held a hearing in January to receive public input.**
