New Coronavirus case in Nemaha County Nebraska

**(KLZA)--The Southeast District Health Department (SEDHD) has confirmed an additional case of coronavirus (COVID-19) within the district.**

**The additional case includes a female in her twenties who lives in Nemaha county.**

**All identified close contacts will be asked to self-quarantine. Individuals with symptoms consistent with COVID-19 should self-isolate to avoid transmitting the virus to others.**

**COVID-19 symptoms include cough, shortness of breath or difficulty breathing, fever, chills, muscle pain, sore throat, and new loss of taste or smell. In many cases, a person will have more than one of these symptoms.**

**As of May 29, the total cumulative confirmed cases of COVID-19 within the district is 17. Case counts by county are Johnson with 6, Nemaha 3, Otoe 6, Pawnee 0 and Richardson has 2.**

**SEDHD reviews all reported test results as soon as they become available and will continue to report county totals to most accurately reflect current cumulative case numbers in the district.**
