USD 409 reporting two Covid-19 cases

**(KAIR)--USD 409-Atchison Public Schools is reporting two active Covid-19 cases.**

**That's according to Superintendent Renee Scott, who released the information in an email sent out Tuesday afternoon.**

**Scott says one middle school student and one high school staff member have tested positive for the virus.**

**She says both cases are not related to school exposure, and that there is no school spread of covid-19 at the district.**

**Tuesday's update was the first in what Scott says will be weekly ones that she will be sending out.**

**Scott says 409 has been working with the Atchison County Health Department on contact tracing,**

**Any staff member or student that has been contact-traced as a contact will be notified by the health department if quarantine is necessary.**

**Scott adds that overall students and staff are doing a good job following safety protocols, including physical distancing.**
