

Truck found burned; Atchison Co Sheriff seeks answers

(KAIR)--An investigation is launched following the discovery of a burned pickup truck on Atchison's River Road.

According to a release from Atchison County Sheriff Jack Laurie, deputies from his department, Monday morning around 7:30, responded to River Road and Woodson Road after receiving a report regarding the discovery of the burned truck.

Laurie, in the release, says the truck was possibly a Chevrolet 3500 dually with a flat bed, either painted white or green.

Deputies, Laurie said, were able to obtain a partial VIN from the vehicle, which is believed to belong to a Lawrence resident.

The investigation is continuing.
