

Brownville recall effort successful

(KLZA)-- Enough signatures have been verified on petitions to force recall vote for three members of the Brownville Village Board.

The signatures were verified by County Clerk Diane Johnson, who notified the Village Board that they must order a recall election within 21 days.

Board members Natisha Helmick, Terry Vice and Baily Bindle are up for the recall vote. Vice and Bindle still have three years left in their terms. Helmick has one year left.

County Clerk Johnson would like to mail out ballots, which she feels would be cheaper than setting up an election date.

If any of the Board members are recalled they must leave office immediately.
