

Two Doniphan Co bridges to be repaired

(KNZA)--The Doniphan County Commission has approved bids for two bridge repair projects.

According to the unofficial meeting minutes, the Commission Monday approved a bid from Baird Excavating, of Denton, for abutment berm slope repair on a bridge located on 180th Road about 2.4 miles west of Severance in the amount of \$26,267. It was among four bids received.

The Commission also approved a bid from Wagner Excavating, of Atchison, for abutment berm slope repair on a bridge located on Larkinburg Road, south of 150th Road, about five miles southeast of Bendena in the amount of \$52,940. It was among two bids received.

Also at the request of Nate Daniels with Doniphan County Fire District #4, the Commission approved paying for vehicle extrication training for the county's rural fire districts and first responders. Rescue Specialists, of Salina, will provide the training at a cost of \$1,500, with the cost to be paid from the Emergency Management budget.
